

# PRIVATE EQUITY MODULE

THOMSONONE.COM INVESTMENT BANKING

The Private Equity module is available as an add-on to ThomsonONE.com Investment Banking and includes over 30 years of daily-updated history covering buyouts, private equity funds, firms, executives, portfolio companies and limited partners around the world.

The Private Equity module is powered by VentureXpert, the premier source for comprehensive information on buyout and venture firms and their funds, executives, private equity backed companies, and limited partners. It also provides analytics on fund performance, commitments, disbursements, and statistics. Thomson Reuters has a long-standing relationship with the National Venture Capital Association in the US and the European Private Equity and Venture Capital Association.

## BENEFITS OF THE PRIVATE EQUITY MODULE

With the Private Equity module on ThomsonONE.com you can:

- Use competitive intelligence to invest in funds.
  - Benchmark performance with the industry-leading fund performance database.
  - Analyze both cash-on-cash and unrealized return multiples.
  - View aggregated fund cash flows historically for modeling purposes.
- Identify potential investors likely to support follow-on rounds.
- Uncover candidates that may be ripe for a merger, acquisition or divestiture.

- Search venture and buyout-backed companies by industry, location, round size, round date, business description and keywords, among other criteria.
- Determine the best partners, co-investors or buyers for your exit strategy.

## COVERAGE

- **Investments and commitments data** with coverage dating back to 1969.
- **Detailed profiles** of portfolio companies, firms, funds and limited partners.
- In-depth coverage of both **fund performance** and **investment activity**.
- Deep analytical data and precise **industry classifications**.
- A personalized **private equity market overview** page with quick access to investments information.
- Set up **coverage lists** of up to 250 private equity firms to monitor market and competitor activity. View the Market Overview data for all activity or activity specific to your coverage lists.
  - **Customization** allows you to set default values for industry, geography, time period and activity type preferences:
    - Quickly filter the 20 most recent or largest transactions or drill down to see all **recent investments** that meet your selected criteria.
    - Keep track of commonly requested activity trends including **investment statistics** by stage, country or time period.

## CONTENT HIGHLIGHTS

- Over 20,000 venture, buyout and mezzanine funds, as well as their management firms
- Portfolio companies
- Limited partners
- Contact details and short CVs for executives
- Underpinned by the database formerly known as Thomson Venture Economics

## COMPREHENSIVE ANALYSIS FOR:

- Portfolio company investments
- Fundraising commitments
- Company valuations
- Fund performance benchmarks

Personalized Private Equity Market Overview page.

#### ABOUT THOMSONONE.COM INVESTMENT BANKING

ThomsonONE.com Investment Banking consists of a foundation solution and a set of add-on modules so you can tailor your view on the markets to your exact needs. The foundation solution provides market awareness and company insight with all the information you need for an overview of a company, its peers or the market as a whole. The add-on modules provide even greater breadth and depth of content and powerful functionality.

- **Rank private equity firms** based on the number or value of transactions over a specified time period.
- View a quick list of **private equity investment** activity for a specific firm.
